Thank you for your purchase of **R&S®ELEKTRA**!
The following is a startup guide for installing R&S®ELEKTRA the first time.

Setting up the hardware

❶ Detach SIM card

❷
a. Open the SIM card cover from the back of the reader.
b. Insert SIM card with the non-angled corner first into the reader. Make sure that the chip faces downwards.
c. Close the SIM card cover back to the reader.

❸ Connect to USB port on PC

Installing R&S®ELEKTRA

1) Go to the download page www.rohde-schwarz.com/software/elektra.
2) Click on the download link for ELEKTRA.
3) Save the installation file to a location on your PC.
4) Double click on the downloaded file to start the installation.
5) Follow the instructions on the screen.
6) R&S®ELEKTRA icon should now appear on the desktop.
7) Double click on the ELEKTRA icon to launch R&S®ELEKTRA.

A comprehensive user manual is available in R&S®ELEKTRA.
