

Rohde & Schwarz promotion Get free memory for your oscilloscope

www.rohde-schwarz.com/deep-memory-promotion

Promotion extended until
September 30, 2017

Save up to 54%

Buy a new oscilloscope
and get the maximum
memory upgrade for free ¹⁾

¹⁾ See reverse for promotion details.

Why would you want deep memory?

Be confident that you are not 'missing anything'. Deep memory ensures that waveforms are captured with high resolution right down to the details thanks to a high sustained sample rate. Benefit from the ability to view longer periods of time and quickly find signal anomalies or important events where others need hours or even days.

Much more memory for free

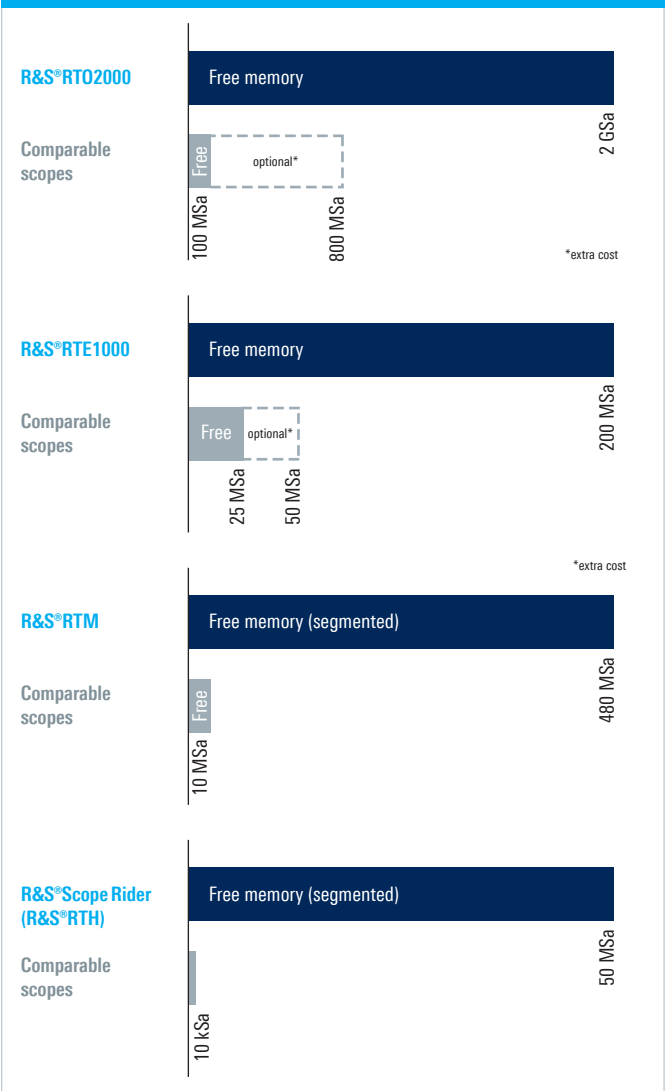

Take advantage of this special offer and get a significant amount of free memory – by far more memory than similar oscilloscopes can offer. For a limited time, this huge performance advantage is available for the price of the base unit only.

What's in your package?

Buy any base unit of the following oscilloscope families and get the maximum available memory upgrade option for free.

Model	Max. free memory
R&S®RTO2000 Series <ul style="list-style-type: none"> 600 MHz to 6 GHz bandwidth 2 or 4 analog channels with or without MSO capability 	2 Gsample (R&S®RTO-B110 option)
R&S®RTE1000 Series <ul style="list-style-type: none"> 200 MHz to 2 GHz bandwidth 2 or 4 analog channels with or without MSO capability 	200 Msample (R&S®RTE-B102 option)
R&S®RTM2000 Series <ul style="list-style-type: none"> 200 MHz to 1 GHz bandwidth 2 or 4 analog channels with or without MSO capability 	460 Msample (segmented memory) (R&S®RTM-K15 option)
R&S®Scope Rider (RTH) Handheld Series <ul style="list-style-type: none"> 60 MHz to 500 MHz bandwidth 2 or 4 analog channels with or without MSO capability 	50 Msample (segmented memory) (R&S®RTH-K15 option)

Much more memory for free compared to similar oscilloscopes

Get free memory for your oscilloscope

Save up to 54 %: buy a new Rohde & Schwarz oscilloscope and get industry-leading memory depth for free.

The offer applies only in combination with the purchase of an R&S®Scope Rider (RTH), R&S®RTM2000, R&S®RTE1000 or R&S®RTO2000 oscilloscope (any bandwidth, 2 or 4 channels, with or without MSO). It is valid until September 30, 2017. Cannot be combined with any other special offer or pricing. Contact your local Rohde & Schwarz representative for complete promotion details.
