Rohde & Schwarz
Service that adds value

R&S®
Extended Warranty
We want to help you control your costs.

And that’s why we freeze them for years.

The R&S®Extended Warranty offers cost control while giving you full service from the start. If there is a problem, you are insured against extra service costs.

For a fraction of the purchase price you can rest easy for years with the security afforded by manufacturer service.
Long-term benefit: all the advantages of the R&S® Extended Warranty

Helping you get the best performance in your core business is our main focus. Along with long-lived, high-end products, we offer very dependable service with our extended warranty. You can decide which of our high-performance service packages is right for you. The benefits of the R&S® Extended Warranty at a glance:

<table>

<tbody>
<tr>
<td>Low, predictable costs</td>
<td>Added value</td>
</tr>
<tr>
<td>With highly complex instruments or systems, it’s not always possible to avoid problems. As the manufacturer we are thoroughly familiar with the special features of our products, and know where to look if there is a problem. Our R&amp;S® Extended Warranty keeps the overall costs for your product transparent and consistent at all times. For example, a four-year warranty can often be cheaper than a single repair.</td>
<td>With every maintenance, repair and calibration, you benefit from efficient Rohde &amp; Schwarz solutions. This can be very cost-effective over the long run.</td>
</tr>
<tr>
<td>Safe and dependable</td>
<td>Safe and dependable</td>
</tr>
<tr>
<td>Lasting functionality and availability are fundamental to profitable operations. The regular maintenance and calibration of your Rohde &amp; Schwarz instruments ensure dependable workflows that lose none of their precision even after many years. A four-year extended warranty with calibration coverage directly from the manufacturer ensures that your instruments are regularly checked and adjusted. You can depend on the highest precision and on everything going according to plan, now and in the future.</td>
<td>Nobody understands your instruments better than the manufacturer. Rohde &amp; Schwarz service means that whenever we maintain or calibrate your instruments, we also check whether modifications and updates are called for, and bring them up to date. That’s a service only the manufacturer can offer.</td>
</tr>
<tr>
<td>Transparent and flexible</td>
<td>Transparent and flexible</td>
</tr>
<tr>
<td>Operation of your instruments can result in costs you did not originally factor in. The R&amp;S® Extended Warranty makes it easy for you to keep an eye on your operating costs. Our knowledgeable representatives will help you find the right services for your business requirements. You can quickly find the best way to make sure your instruments are always working to their full potential, so you can focus on your core business.</td>
<td>The R&amp;S® Extended Warranty makes it easy for you to budget, by giving you absolute price stability for the term of the agreement. Our distribution partners can show you all of our service options.</td>

Rohde & Schwarz services

To make sure you get the full benefit from the functionality and precision of your instruments for the longest possible time, we offer a range of services that are tailored to your specific needs. Choose extended warranty (WE1 to WE4) for complete protection in case of repair, or the attractive extended warranty with calibration coverage package with R&S® Manufacturer-Calibration (CW1 to CW4) or with R&S® Accredited-Calibration (AW1 to AW4) for additional regular calibration of your instrument. The three options are available with terms of one to four years depending on the duration of the standard warranty.

**WE and CW / AW for products with 1 year warranty**

- **WE 1**
- **WE 2**
- **WE 3**
- **WE 4**

**CW 1 / AW1**
**CW 2 / AW2**
**CW 3 / AW3**
**CW 4 / AW4**

*Example:* R&S®CMW500 with 12 month calibration interval.

**WE and CW / AW for products with 3 years warranty**

- **WE 1**
- **WE 2**

**CW 1 / AW1**
**CW 2 / AW2**

*Example:* R&S®FSW26 with 12 month calibration interval.

---

**Description** | **Extended Warranty (WE1-4)** | **Extended Warranty with Calibration Coverage (CW1-4)** | **Extended Warranty with Accredited Calibration Coverage (AW1-4)**
--- | --- | --- | ---
**Repair in case of malfunction** | ● | ● | ●
All repairs during the warranty period are free of charge.

**Calibration if necessary as part of repair** | R&S® Manufacturer-Calibration | R&S® Manufacturer-Calibration | R&S® Accredited-Calibration
All necessary calibrations will be made during the repair.

**Planned calibrations in line with Rohde & Schwarz guidelines and ISO/IEC 17025** | R&S® Manufacturer-Calibration | R&S® Manufacturer-Calibration | R&S® Accredited-Calibration
With our precision test and diagnostics systems we analyze your equipment in detail, to detect and correct irregularities before they impact your measurements. Your instruments stay in top working condition.

**Calibration as needed as part of hardware upgrades** | R&S® Manufacturer-Calibration | R&S® Manufacturer-Calibration | R&S® Accredited-Calibration
We take care that your Rohde & Schwarz product is regularly calibrated and maintained at the recommended intervals during the warranty period, including also calibrations as part of hardware upgrades to the latest technologies.

**Firmware updates** | ● | ● | ●
As part of regular checks, we will update your instrument’s firmware to improve product characteristics, enhance system performance and bring all functions up to date.

**Preventive maintenance and reliability modifications** | ● | ● | ●
To improve the performance and reliability of your instrument, we maintain it with the greatest care and precision. This naturally includes hardware updates, a service that only the manufacturer can offer.
