

Demystifying EMC 2018

From 08:30	Registration			
09:30	Hall 3 - Welcome - Andy Coombes - EMC Specialist - Rohde & Schwarz			
Room	Hall 2 Mezzanine	Hall 3	Hall 4	IMC Suite
9:50	Practical Probing techniques for EMC troubleshooting Lee Hill Silent Solutions LLC	I'm Responsible for EMC... Get Me Out Of Here! Nick Wainwright York EMC	CISPR/CENELEC Standards Update Martin Wiles Albatross Projects	EMC Simulation of Automotive Ethernet Dr Stergios Papantois CST
10:50	Coffee Break / Networking - Hall 2			
11:20	Real Time Spectral Analysis Lee Hill Silent Solutions LLC	Introduction to the Radio Equipment Directive Christian Reimer Rohde & Schwarz	Technical Documentation for CE Marking Stuart Aust, Horiba MIRA	Practical EMI Filter Design Considerations for DC/DC converters Gopi Patel Würth Electronics
12:20	Lunch Break / Networking - Hall 2			
13:20	Understanding Physics behind Emissions Jörg Hacker Langer EMV-Technik GmbH	Risk Assessments required by the EMC and RE Directives Steve Hayes - Element Materials Technology	Updates to the RED, Harmonised Standards and Technical Documentation Michael Derby ACB	Conducted Immunity (ESD, EFT, Surge and Dips) Adnan Moosabhoy, EMC Partner AG
14:20	Coffee Break / Networking - Hall 2			
14:50	EMI Practical Demo Neil Constance Dan White Hursley EMC	LVD and HBSE Navigate the maze of a hazard based approach Dennis Butcher UL	Assessment of modules and EMC testing of non-radio products which include a radio module Michael Derby ACB	Mastering the details of EMI suppression ferrites Lee Hill Silent Solutions LLC
16:00	Closing Session and Prize Draw - Hall 3			
16:30	End
